Police Remove Man Who Seeks Kinfolks At Wrong Address

One of life's little embarrassing moments: S. E. Elder, picked up by Torrance police at 4 o'clock Sunday morning allegedly in a state of exhilaration and undress on the lawn at 2463 Carson street, was released on \$25 bail to appear for trial Saturday morning March 3 before Judge C. T. Rippey. Elder is said to have persisted in his attempts to rouse the household at this address. On the last trip he became so upset at being unable to locate the relative for whom he claimed to be searching that the police were called to remove him.

He is survived by a son and three daughters. Mr. Bartee was born in Virginia and had lived in Lomita eight years. The burial was conducted in Riverside by the Odd Fellows lodge of which the deceased was a member. Tartars Defeat Gardena, 67-43, In First Practice Meet of Season

The Torrance Tartars stepped out Friday afternoon to defeat Gardena in the first practice track meet of the year. The Tartars rolled up an impressive score, 67 to 43, and showed plenty of class for this early season event. Iron Man Louis Zamperini furnished the most spectacular event of the day when he won the 880 in the fast time of 2:03.9, breaking his own record for this event. Louie finished a quarter of a lap ahead of his nearest rival.

Dark Horse Wins Cross Country Run At Narbonne High

Parker Stahnke, a dark horse in the prognostications over the outcome of the annual cross country run at Narbonne, covered himself with mud and glory Tuesday by winning the event from two of that school's leading runners.

Parker lead Clinton Powers and Louis Irvine to the finish line, and covered the distance, about one and one-half miles, in the good time of eight minutes and 34 seconds.

Powers and Irvine, either of whom had been picked to wear the winged shoes of Floyd Carpenter, four times winner of the event, fought it out on the stretch, and were so busy watching each other that they failed to note that Stahnke had snatched the lead. While the cross country run was going on, the small fry entertained the student, body spectators with a walk-run marathon around the track.

All Star Amateur Boxing Show At Inglewood Arena

All star boxing shows, in which are presented the cream of the amateur boxers, are held every Wednesday night at the Inglewood Athletic Club, 1010 Hyde Park boulevard, with eight fast bouts and never a disappointing program, says Harry Winkler, coach in charge.

The club is operated under the supervision of the state athletic commission and the Southern Pacific Union. Popular prices are charged for admission. The club has been in operation only a short time, but is drawing some good crowds and is putting on some good shows.

FOURSUME

The regular monthly mixed foursome will be held Sunday, March 4, at the Palos Verdes golf course. This event will be four-ball medal play, combined scores and handicaps.

3 CUBES OF SUGAR cost more than the Natural Gas to cook one dinner!

Cooking with natural gas costs as little as one-fifth of a cent a person a meal—five complete meals for a family of five persons for a nickel. The average year-round domestic gas bill in Southern California is only about 13 cents a day! This cost covers cooking, automatic water heating, and home heating.

Modern gas ranges offer convenience and ease-of cooking not found in any other type of ranges. Examine them for yourself, and look for the Seal of Approval of the American Gas Association Testing Laboratory.

New Ridge Route To Be Kept Free of Ugly Buildings

Urging that steps be taken as originally contemplated to keep the new alternate Ridge Route free of unsightly buildings, the Catholic Woman's Club today endorsed the zoning proposal which is to be settled on March 5. Valley boulevard, in the eastern section of the county, is another artery which the motoring public has previously asked the supervisors to zone. "We understand that other counties through which the new Ridge Route passes already have passed ordinance designed to keep the 'artery' free from shacks of violent hues and limiting such places to the immediate vicinity of gasoline stations along the route," the letter of Mrs. John F. Duval, secretary stated. The letter was taken under advisement pending the hearing.
